

Paul & Debbie Howells - Philippines

Our Dear Co-workers,

You know that feeling you get when you've been working on something for months and months, and suddenly there it is before your eyes, finished and better than you could have hoped for????!!!!

Well, that has just happened to us this month. Not one thing but **THREE** things!

THREE BIG BUILDING PROJECTS!!

Since October last year, the team, along with ourselves.....and especially Paul, have been working simultaneously on a three-classroom school building for the Lantud community; on a church building in Limunsudan; and on a church building in Lapoc.

Over the past months, Paul has spent literally hours and hours planning, designing and thinking, sometimes lying awake for hours at night asking God for wisdom and help, hitting obstacles that seemed really huge and seeing God overcome them, starting from scratch with piles of dirt and rocks, out of which there arose some very beautiful buildings.

It took a **HUGE TEAM** to do this job, including families and churches who provided the funding, men from the Limunsudan, Lantud and Lapoc areas who worked until they were exhausted, hauling dirt and rocks and cement, teams who painted, tech experts who helped Paul design great sound systems....and on and on.

We can't really explain in words what a blessing these buildings are to the people God gifted them to, but maybe this short video will help:

Hope you enjoy watching this! Please give a shout of joy to the Lord who is worthy of all praise and honour and glory, and who provides so amazingly for His children!

Love Paul and Deb
